

**UNSHACKLE YOUR  
SUPPLY CHAIN**

**GatewayRail**

**RETHINK RAIL**

At *GatewayRail* we leverage the advantages of rail for your distribution needs. A growing network of ICDs, a continuous addition of rakes, clever use of technology, and above all an eagerness to listen helps us unshackle your supply chain.

# WE WOULD LOVE TO RETHINK YOUR PROBLEMS INTO SOLUTIONS

***GatewayRail Freight Ltd.*** is India's largest private sector container train operator. It provides container logistics solutions between major Indian ports and Inland Container Depots (ICD) by providing rail services for Export, Import and Domestic containerised cargo, integrated with road transportation, custom clearance, transit and bonded warehousing, refrigerated container facilities and other value added services.

*GatewayRail* operates from its three owned terminals at Gurgaon, Ludhiana and Faridabad and a private freight terminal at Navi Mumbai under agreement. It owns and operates through its 24 rakes and a fleet of 270+ trailers to ensure best services to the customers.

*GatewayRail* understands the importance of infrastructure in container rail logistics business and is committed to develop a network of rail terminals at various strategic locations throughout the country. *GatewayRail* aims at providing a one-stop intermodal solution to its customers nationwide through clever use of technology, quality infrastructure and world-class services.

### SANAND AND JODHPUR SERVICED TERMINALS

*GatewayRail* operates serviced terminals at Sanand and Jodhpur under a strategic 3rd party agreement with the Thar Group. We undertake import movements with weekly services to and from these serviced terminals. Our presence in these locations helps us manage and assist our under-frame movements.

*GatewayRail* provides rail logistics services for EXIM, domestic and reefer containerised cargo that are integrated with first and last mile road connectivity. Our services have provisions for custom clearing, stuffing and de-stuffing of containers, bonded and non-bonded warehousing, and other terminal-based, value added services.

#### **REEFER SERVICES**

*GatewayRail* offers customised solutions for refrigerated cargo in reefer containers for EXIM and domestic movement. We have specially developed reefer points and containerised mobile power packs to handle reefer containers.

We operate three reefer services per week from our Gurgaon terminal to Navi Mumbai.

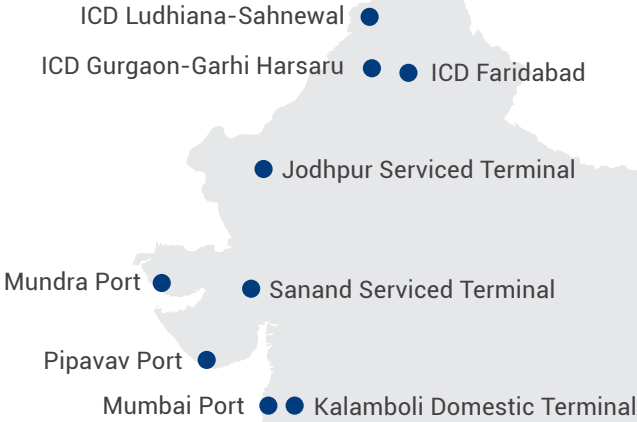

#### **DOMESTIC SERVICES**

*GatewayRail* provides customised solutions for domestic container services for a wide variety of industries across India.

These include end-to-end solutions that integrate:

- factory pick-up of containers
- transportation to destination by rail
- warehousing
- delivery at the destination
